

Title Index / Index des titres

1998, Volume 89

- 1997 Declaration of the Environment Leaders of the Eight on Children's Environmental Health, S5-S8
- Adherence to management of high blood pressure: Recommendations of the Canadian Coalition for High Blood Pressure Prevention and Control, I5-17
- Adherence to non-pharmacologic therapy for hypertension: Problems and solutions, I12-I15
- Adherence to pharmacologic management of hypertension, I16-I18
- Adolescent sexual behaviour: Results from an Ontario sample. Part I: Adolescent sexual activity, 90-93
- Adolescent sexual behaviour: Results from an Ontario sample. Part II. Adolescent use of protection, 94-97
- Agents perturbateurs du système endocrinien et développement de l'appareil reproducteur chez le fœtus et chez l'enfant : y a-t-il lieu de s'inquiéter? S41-S46
- AIDS: Focus on youth (Editorial), 365-66
- Air pollution exposures and children's health, S43-S48
- Air pollution: The environmental phoenix (Editorial), 149
- Alberta's infant mortality rate: The effect of the registration of live newborns weighing less than 500 grams, 188-89
- Assessment of postneonatal growth in VLBW infants: Selection of growth references and age adjustment for prematurity, 109-14
- Association des variables socio-économiques avec l'incidence de la carie dentaire chez les écoliers québécois de deuxième et sixième année en 1989-90, 274-79
- Cancers des enfants et contaminants de l'environnement, S58-S68
- Car phones and car crashes: An ecologic analysis, 157-61
- Cardiovascular health needs assessment of university students living in residence (A), 171-75
- Case for child development as a determinant of health (The), S14-S19
- Cessation du tabagisme chez les patients hospitalisés : une étude quasi-expérimentale au Québec, 264-69
- Changes in ETS following anti-smoking legislation, 33-34
- Child health, poverty and the environment: The Canadian context, S26-S30
- Childhood cancer and environmental contaminants, S53-S62
- Children are different: Environmental contaminants and children's health, S9-S13
- Cluster of unintentional carbon monoxide poisonings presenting to the emergency departments in Kingston, Ontario during 'Ice Storm 98', 388-90
- Commission Krevier et la santé publique (La) (Editorial), 8,32,52
- Community-based heart health promotion: Perceptions of facilitators and barriers, 406-9
- Couple violence and psychological distress, 43-47
- Creating a population-based linked health database: A new resource for health services research, 270-73
- Déclaration de 1997 des chefs de l'environnement du Groupe des Huit sur la santé environnementale des enfants, S5-S9
- Descriptive epidemiology of sport and recreation injuries in a population-based sample (A): Results from the Alberta Sport and Recreation Injury Survey (ASRIS), 53-56
- Descriptive study of verocytotoxigenic *Escherichia coli* (VTEC) cases reported in Ontario (A), 1990-1994, 253-57
- Développement de l'enfant comme déterminant de la santé (Le), S16-S21
- Diet survey of two cultural groups in a coastal British Columbia community, 190-96
- Dietary patterns of adults in Québec and their nutritional adequacy, 347-51
- Ecologic analysis of psychosocial stress and heart disease in British Columbia (An), 137-41
- Education of women about the prevention of preterm birth, 260-63
- Effect of a community-based police surveillance program on snowmobile injuries and deaths (The), 57-61
- Effect of the urban ambient air pollution mix on daily mortality rates in 11 Canadian cities (The), 152-56
- Effectiveness of public health interventions in food safety: A systematic review, 197-202
- Effects of others' drinking as perceived by community members, 337-41
- Effets de l'exposition à la pollution atmosphérique sur la santé des enfants (Les), S47-S53
- Efficacité d'une intervention éducative à améliorer le concept de soi d'élèves de 2e à 6e année, 176-80
- Élaboration et validation d'un outil de mesure de la détresse psychologique dans une population non clinique de Québécois francophones, 183-87
- Élaboration et validation d'un outil de mesure du bien-être psychologique: L'EMMBEP, 352-57
- Elective neurosurgical office consultations: How well are patients informed?, 280-83
- Endocrine disruptors and development of the reproductive system in the fetus and children: Is there cause for concern?, S37-S41, S52
- Enfants sont différents (Les) : les contaminants de l'environnement et la santé des enfants, S10-S15
- Environnement, pauvreté et santé des enfants : le contexte canadien, S28-S33
- Epidemiology of cocaine and opiate abuse in urban Canada (The), 234-38
- Evaluation of the promotional materials used during the measles mass immunization campaign in Ontario and British Columbia, 329-32
- Exposition prénatale des enfants canadiens aux biphényles polychlorés et au mercure (L'), S22-S27
- Facteurs associés au non-retour à la visite de suivi précoce post-avortement (Les), 62-65
- Factors associated with seatbelt use: An evaluation from the Ontario Health Survey, 320-24
- Gender differences in the prevalence of depression among Canadian adolescents, 181-82
- Heart health promotion: Predisposition, capacity and implementation in Ontario public health units, 1994-96, 410-14
- Home care clients, providers and costs, 297-300
- Hospital utilization of Saskatchewan people with fetal alcohol syndrome, 333-36
- Impact of embarrassment on condom purchase behaviour (The), 368-70
- Impact of PCBs and dioxins on children's health: Immunological considerations (The), S49-S52
- Improved disease reporting: A randomized trial of physicians, 66-69
- Incidences des BPC et des dioxines sur la santé des enfants (Les) : considérations immunologiques, S54-S57
- Influences on breastfeeding rates in low income communities in Ontario, 203-7
- Influenza vaccination of high-risk children: A survey of three physician groups, 415-18
- Info-Santé CLSC : un service efficace?, 125-28
- Injection drug use among street youth: A dynamic process, 239-40
- Injury in Canadian youth: A secondary analysis of the 1993-94 Health Behaviour in School-Aged Children Survey, 397-401
- Integration: Follow your instincts, ignore the politics, and keep your eyes on the ideal model (Editorial), 293-94
- Intégration: suivez votre instinct, ignorez la politique et gardez les yeux sur le modèle idéal (Éditorial), 295-96, 314
- International comparison of cancer survival (An): Advantage of Toronto's poor over the near poor of Detroit, 102-4
- Issues in developmental neurotoxicology: Interpretation and implications of the data, S31-S36
- Jeunes mères difficiles à rejoindre (Les) : étude d'implantation d'une intervention pré et postnatale auprès d'une clientèle à risque, 376-79
- Knowledge, perception and behaviour of the general public concerning the addition of fluoride in drinking water, 162-65
- Krevier Commission and Public Health (The) (Editorial), 6-7
- Malaria vs. AIDS: Time to re-evaluate priorities (Letter to editor, Hodgson), 314
- Malaria vs. AIDS: Time to re-evaluate priorities (Letter to editor, Rudolph), 314
- Management of family and workplace stress experienced by women of colour from various cultural backgrounds, 48-52
- Modelling the community as a determinant of health, 402-5
- Mortalité attribuable au tabagisme au Québec, 28-32
- Needs assessment of child care centres in the former City of Toronto, 308-14
- North American liver fluke (*Metorchis conjunctus*) in a Canadian Aboriginal population: A submerging human pathogen?, 258-59
- Observance du traitement de l'hypertension artérielle : Recommandations de la Coalition canadienne pour la prévention et le contrôle de l'hypertension artérielle, 18-111
- One year outcome evaluation of an alcohol and drug abuse prevention program in a Québec high school, 166-70
- Ontario ban on smoking on school property (The): Issues and challenges in enforcement, 229-32
- Ontario ban on smoking on school property (The): Perceived impact on smoking, 224-28
- Opportunities for a broader understanding of work and health: Multiple uses of an occupational cohort database, 132-36
- Participatory research with Native community of Kahnawake creates innovative code of research ethics, 105-8
- Pollution atmosphérique : Le phoenix de l'environnement (Editorial), 150-51
- Poverty and medical treatment: When public policy compromises accessibility, 120-24
- Prevalence of chronic pain, 129-31
- Prevalence of low and high birthweight among the James Bay Cree of Northern Québec, 419-20
- Prevention of paediatric acquired brain injury: An interactive, elementary-school program, 391-96
- Principles of authorship in health promotion research (Commentary), 81-84
- Proposed optimal health care system based on a comparative study conducted between Canada and Japan (A), 301-7
- Protecting our children (Editorial), 221-22

- Protéger nos enfants (Éditorial), 222-23, 269
Public health responses to health inequalities (Commentary), 380-81
Public opinion regarding smoking in public places and workplaces in the Greater Kingston area, 35-36
Questions de neurotoxicologie au cours du développement : interprétation et implications des données, S34-S40
Recherche évaluative sur la distribution de vidéocassettes santé destinées à une population défavorisée de Montréal, 315-19
Reducing economic disparity to achieve better health: Modelling the effect of adjustments to income adequacy on self-reported morbidity among the elderly in Canada, 424-28
Review of a prison cervical cancer screening program in British Columbia (A), 382-86
Review of Canadian low risk drinking guidelines and their effectiveness, 241-47
Rôle des professionnels de la santé dans la protection des enfants contre les risques de l'environnement : commentaire, S69-S80
Role of health professionals in protecting children from environmental risks: A commentary, S63-S72
Screening for nutritional risk among community-dwelling elderly on Prince Edward Island, 342-46
Serologic responses to measles, mumps, and rubella (MMR) vaccine in healthy infants: Failure to respond to measles and mumps components may influence decisions on timing of the second dose of MMR, 325-28
Sexual health knowledge of students at a high school in Nova Scotia, 85-89
Sida : pleins feux sur les jeunes (Éditorial), 366-67
Socioeconomic position, lifestyle and health among Canadians aged 18 to 64: A multi-condition approach, 208-12
Stages of physical activity in the Alberta population, 421-23
Staging of adult smokers according to the transtheoretical model of behavioural change: Analysis of an Eastern Ontario cohort, 37-42
Survey of food problems experienced by Toronto street youth (A), 371-75
Syphilis in an urban community, 248-52
Tobacco access to youth: Beliefs and attitudes of retailers, 17-21
Trends and variations in neonatal length of in-hospital stay in Canada, 115-19
Universalité : de l'accès aux résultats (Éditorial), 78-79
Universality: Moving beyond access to outcome (Editorial), 77-78
Urban air pollution and mortality (Letters to the Editor), 228,238,240,257
Usage de la cigarette au Québec de 1985 à 1994 (L') : une comparaison avec le Canada, 22-27
Vaccine coverage during a school-based hepatitis B immunization program, 98-101
Value of ecological analysis (Letter to Editor), 257,273
World trade and investment agreements: Implications for public health (Commentary), 10-12
